

12 April 2019

Dear Parents and Caregivers,

As part of our P.E. and Health and Social Studies programme for Term One, the Year One/Transition team is planning Outdoor Education day on Thursday, 02 May.

Our goal for the day is to build confidence to try new things, managing ourselves in a different learning environment and in different contexts.

***The Key Competencies we shall be covering are:***

Managing self

- Achieving realistic and personal goals
- Developing self-esteem
- Taking increasing responsibility for our own learning and work.
- Participating and contributing
- Working effectively in a group
- Participating appropriately in a range of social settings

We will share a pizza lunch, the expenses of which are covered by the pupil's services fees.

We also ask you to provide your child with their normal 'brain food', morning tea and a drink bottle.

All of our activities will be held on the bottom field.

**To assist us we need parent helpers.**

As always the success of this programme depends on your support. Please indicate on the return slip below or email your classroom teacher if you are able to support us.

Thank you for your support!

Rebeccah Doland and Natasha McMurdo
