

30 April 2019

Dear Parents and Caregivers,

For part of our Real Learning, Tui team have been focusing on team building and working together, discovering each others interests and strengths. To reinforce this teaching, we will be having an outdoor day here at Murrays Bay School on **Friday 10th May**. This day will encourage the children to reflect on the school values, to support one another in challenging activities and to demonstrate sportsmanship.

The Key Competencies we will be covering are:

- Thinking
- Managing Self,
- Participating and Contributing,
- Relating to Others

We ask that you provide your child with their normal healthy snack and morning tea, a drink bottle of water, a sunhat, shoes or sandals and sunscreen. The students will be dressed in their sports uniform. A pizza lunch will be provided for the children. If your child has special dietary requirements, please provide them with a packed lunch.

To assist us we need parent helpers to supervise a group of students to and from each activity and to assist with some of the activities.

As always, the success of this program depends on your support. Please indicate on the return slip below if you are able to help out.

Sharon Garner
Year Two Learning Leader

If you can help, please cut off and return to your child's classroom teacher by **3pm, Thursday 2nd May**.

Parent Help (preschoolers cannot be present on this trip)
